TWO INJURED IN ACCIDENT — Murray Volunteer Fire and Rescue responded to the intersection of Highway 75 and Rock Bluff Road last night at 7:45pm for a report of a two-vehicle collision. One patient had to be extricated. Two subjects were transported to UNMC in Omaha by Murray rescue squads. Cass County deputies and EMS assisted at the scene. The northbound lanes of Highway 75 had to be closed for an hour.

STRONG WINDS SPREAD FIRE — In all too familiar of a story, crews from multiple departments battled a grass fire. The Elmwood and Murdock Volunteer Fire Departments were first paged to the scene near 358th Street and McKelvie Road yesterday at 2pm. A deputy on location advised the flames had jumped the road, gotten into a tree line, and was moving fast. Crews from Weeping Water, Avoca, Manley, and Louisville responded to mutual aid calls. Cass County Emergency Management also assisted. A downed power line is suspected to have been the cause. Crews were on location for close to two hours.

BURGLARY INVESTIGATION UNDERWAY - Cass County Sheriff Robert Sorenson is asking the public to please help.
On the morning of Saturday, April 20th, deputies responded to a burglary at 412 House Street in Avoca. The incident involved the theft of five motorcycles and various tools from an outbuilding at the residence. The total estimated value of the stolen items is \$30,400. The stolen motorcycles: -2020 TRS OneRE 300cc -2008 Honda CRF 100cc -2013 Gas Special Edition Raga Replica Trials bike -1999 Montessa with gold side cover and many anodized parts -2005 Honda CRF 450 custom track bike
If you have any information that can help investigators, please contact the sheriff's office at (402)-296-9370 and reference case number CS24040710.

CITATION ISSUED in relation to injury accident — As reported yesterday in Cassgram, officers with the Plattsmouth Police Department, along with Plattsmouth EMS and fire responded to the 400 block of Chicago Avenue Friday just before 4pm for a report of a vehicle that had struck a pedestrian. According to a report from the police department, it was discovered a blue GMC Sierra pickup truck driven by a 17-year-old male had struck a juvenile pedestrian in a marked cross walk. The juvenile sustained injuries that required transport to a hospital. The driver was issued a citation for failure to obey a traffic control device. The juvenile was treated for her injuries and released from the hospital.

THERE HAS BEEN SOME RAIN, but the Missouri River Basin's runoff forecast remains below average — The US Army Corps of Engineers reports a slight improvement here in 2024. March runoff above Sioux City was 1.8-million acre feet, 59% of average.
Dry soil persists in northwest Montana, northern and eastern North Dakota, and most of the lower basin, with below-average snowpack. The National Weather Service reports recent beneficial precipitation in Nebraska, Iowa, and Missouri. In the short term, above-average rainfall is expected through June.
58% of the basin is abnormally dry, with 22% in some drought. The drought percentage was 43 last year. Mountain snowpack remains below average in parts of Montana and North Dakota.
Gavins Point Dam releases, currently at 30,000 cfs, are to increase as needed to meet downstream targets.
